6. Open forum for Public Participation: an opportunity to hear from members of the public

No public members present.

Before the meeting commenced, a member of the public shared with the Council their objections to the proposal on Lexham Road which was listed as a call for sites on the Local Plan. The Council cannot comment as no planning application has been submitted. This is still only at the consultation stage of the Local Plan and therefore the Council cannot consult parishioners until it has been finalised.

7. To report and update on highways

7.1 Obstruction hedge on Tittleshall Road

The hedge is obstructing the highway and visibility from turning from Tittleshall Road to Back Lane. The Clerk will contact the landowner.

The Council have been informed that a member of the public has broken their ankle and another has twisted their ankle on the drainage drop outside of The Bull. This has been reported as an urgent item to Highways; County Cllr Dickerson visited the site and will chase this up.

Extra highways items:

Druids Lane has been marked for the potholes to be repaired, but it was noted that BT is going to be laying new cables very soon.

Parishioners are reporting that the speeding is getting worse along Church Street; this is because the schools are closed for the summer, and the road is not congested with parked cars.
